

**Congress of the United States**  
House of Representatives  
Washington, DC 20515

I am honored to be representing the hardworking residents of Staten Island and Brooklyn in Congress, and I want you to know that my staff and I are always here to assist you. This Constituent Services Guide highlights a number of the issues, agencies and problems with which we can assist you.

Hundreds of issues that make a difference to the people in our district are voted on each year. So that I may best represent you in Congress, I would like to know what you think. If you have a question, opinion or personal experience you'd like to share, you can call, email or visit one of my offices. I always value the input I receive from constituents and look forward to hearing from you.

Warm regards,

Michael E. McMahon

## I'm here to help you...

As a Member of Congress, it is my privilege to work on your behalf to resolve issues you may face with a federal agency.

If you are facing a federal problem, please contact one of my district offices where my staff can help answer your questions, find solutions or just cut through the red tape. While we cannot order a federal agency to decide a matter in your favor, we usually can help you get a prompt response and resolution.
